Digging Deeper

1. Notes – During the sermon use the note sheet to write down what God is speaking to you during the sermon. This will help you recall and build on what was preached throughout the week. Wanna go back and listen to the sermon again? All of the sermons are found on the church's website and YouTube channel.
2. Reflection – After church dig deeper in your personal time with God. Spend time asking questions about how you can apply what was spoken about to your life. Reread the passages that were referenced during the sermon. Try to get what was preached from your head to your heart.
3. Discussion – Spend time discussing the sermon, and your thoughts on it, with others. This could be with family, friends, or in a community at Calvary by joining one of our groups. For more information on how to join a group simply visit the church's website, calvarychristian.church.
4. Pray – Pray and ask God to help you to apply the sermon to your life. Ask Him to help you to not let the lessons that were taught go by you, but rather to sink into your heart and spirit.
